Supplier: \_\_\_\_\_ Site Number: \_\_\_\_\_ CAGE: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip Code: \_\_\_\_\_

Point of Contact: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

**Submission Requirements**

A minimum of two (2) panels shall be submitted for each process to be qualified, i.e., wet coat on zinc chromate, powder coat primer on blasted surface, etc

Panels shall be cleaned, pre-treated and primed using the same processes that are being qualified. The test panels should not be top coated.

The panels shall be 4" x 6" or 4" x 10" and have 0.024" minimum thickness

Unless otherwise specified, aluminum panels shall be 3003 or 5086 alloy. Ferrous qualification panels shall be low carbon steel. Temper/condition optional for any panels.

Submit form and panels for each process to: **BAE Systems, 1100 Bairs Road, York, PA 17408**  
**Attn: Doug Russo – Coating Qualification Samples****Panel Identification**

Place markings on non-test side of panels.
